

Shawl no 15 Shawl with picot and iris

Yes, I just love triangle shawls this time, I have designed and crocheted an oversized shawl. Possibly I have got a new favorite yarn, Alpakka silk from Sandnes yarn. This shawl measures 154 cm in width and 94 cm in height. It took 8 balls of this yarn. Crochet this shawl from the bottom so that it can work as big as you wish. I used crochet hook no 3.5.

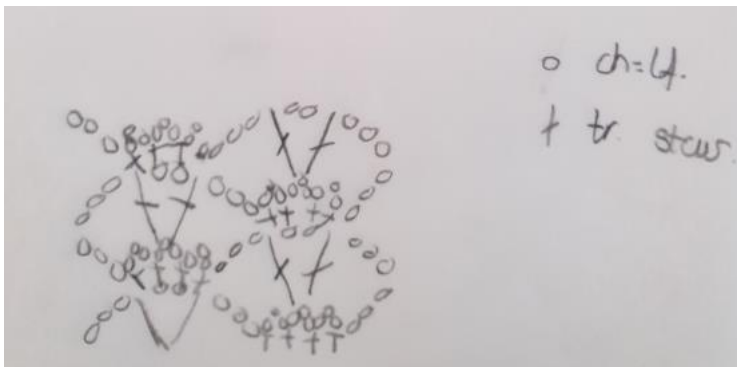

And here a collage with a picture of me with the finished shawl:

Here I have drawn the pattern from row 5 to 9 showing two precipitations. The pattern is repeated from row 5 to 12. The actual expressions are also drawn.

Here is the pattern of picot:

Step 16.

Same as 14

Repeat rows 6-13 to desired length. It was increased with an iris or picot at each increase.

Edge at the top:

Three step of iris patterns in each of each picot or iris.

Fringers: After that I attached to fringes on both sides, not the right side because of the finished result. These are the fringes that make the wooden shawl fine. It's a matter of taste how long these should be and how big spaces there should be between each one. Mine is 22 cm long, which means I took double thread on would make four threads every 22 cm. I crocheted the fringe between every other stake group. I squeezed the shawl so that the crocheted pattern came out nicely.

And here you can see the finished result:
