

### Bag no 3 Bag crocheted in starburst

Have been inspired by many nice bags on Instagram and here is one of those that I have designed this summer. The yarn I use here is 100% Cotton 8/4 from Søstrene Grene. I have chosen to design two types of straps. One with braided yarn and the other where I only attach. Here is a picture of the finished bag:

It went with only three skeins. I used crochet hook no. 3.0. The bag measure 30 x 29 cm

The pattern is drawn as follows:
